

## LONDON INVASIVE SPECIES INITIATIVE (LISI)

### ‘Invasive Non-native Species in London’

Wednesday 4<sup>th</sup> May 2011, Natural History Museum London

The London Invasive Species Initiative is holding a conference on research and management priorities for invasive alien species in the Greater London region, with the support of the Environment Agency and the British Ecological Society. Attendance is free, and refreshments will be provided (please bring your own lunch). A selection of confirmed topics/speakers are as follows:

- The GB Non-native species strategy – Niall Moore/Olaf Booy (GB Non-native species secretariat)
- The Environment Agency’s approach to invasive non-native species – Trevor Renals (Environment Agency)
- Research on biocontrol measures for invasive species – Dick Shaw (CABI)
- Invasive plants in London: existing and emerging issues – Mark Spencer (NHM)
- Tackling invasive species on the Wandle and the work of Rivers Trusts – Bella Davies (Wandle Trust)
- Tackling invasive non-native species on the Olympics site – Kim Olliver (London 2012)
